

"I volunteer to help others and contribute to the local community. I love meeting up with the team who share their gardening knowledge. We deliver great results for our clients which makes their day. It's physical, fun and extremely rewarding."

Julie-Anne, volunteer

Time to get your hands dirty

Volunteer with us if you love gardening and your community

Inner West

Neighbour Aid 

Now is a great time to...

- Transform gardens
- Contribute to your community
- Help someone in need
- Make new friends
- Exercise your body and your soul
- Improve your gardening skills

Get to know us

We support older people and people with disability to stay independent, healthy and connected. As a local not-for-profit we do this with the help of our amazing volunteers.

Our gardening program helps clients who have their own home but are unable to maintain their garden or afford professional gardening services.
