

Community Visitor in Ashfield

- Visit a socially isolated man in Ashfield
- Flexible hours
- Mr K communicates with a letter board

Mr K has a Greek background but would love a visitor from any background to visit him and communicate in English.

Mr K is bright and intelligent, but is unfortunately confined to a chair and communicates with a letter board and thumb gestures.

Visiting Mr K you might talk about or watch soccer or other tv and news programs, a bit of trivia on quiz shows or visit the cafe and outside areas.
